Green Goods Swindler Shot.

By Associated Press to The News.

POUGHKEEPSIE, Feb. 13.—Two men named Ira Hogsheads and Ephraim Castle, of Greenville, S. C., arrived here yesterday, and took a room at the New York hotel. Soon after a man named George Appo, a crook of New York City, visited them in their room. Shortly after that Hogsheads shot Appo in the right eye. Appo was taken to Vassar hospital and will die. Hogsheads and Castle were arrested. They claim there was a quarrel about green goods which resulted in Hogsheads shooting Appo. Hogsheads claimed that Appo's manner and words frightened him and made him afraid he was going to kill him.

Jackson's Ultimatum.

By Associated Press to The News.

SAN FRANCISCO, CAL., Feb. 13.—Through Parson Davis, Peter Jackson last night delivered his ultimatum to James J. Corbett. He wants a definite, unequivocal, final reply from Corbett within ten days, or he will withdraw all challenges and take down the deposit recently put up in New York.

"My proposal is this," said Mr. Davis, "I want Corbett to sign an agreement within the next ten days to fight Jackson at any specified future time. I am tired of hearing Corbett's conditional and indefinite promises to meet Jackson after he has fought Mitchell. I want this matter considered altogether independent of Mitchell. What I am anxious to know of Corbett is, will he fight Jackson or not, and further want to know within ten days. Articles can be signed now, but Jackson is willing to give Corbett the naming of the time and terms. If Corbett does not reply within the time named all negotiations will be broken off."

Hawaiian Annexation.

By Associated Press to The News.

NEW YORK, Feb. 13.—The Herald's Washington correspondent says: The annexation of Hawaii has been decided on, so I am told. President Harrison has fully made up his mind as to the proper course for him to pursue. In fact, I am told, he has already given the annexation commissioners assurance entirely satisfactory to them of the course to be adopted by the present administration.

The president has no intention of leaving this matter for the next administration to settle. His message to congress, now under preparation, will be completed probably tomorrow, and by Wednesday will be before both the house and senate. I am informed that President Harrison is devoting much consideration, and it will be the strongest state paper of his administration.

NEW YORK, Feb. 13.—The colored citizens of this city have started a movement in opposition to lynch law, and they intend to form branches in all large cities for the purpose of arousing public sentiment. At a meeting held in the American Union Methodist church, preliminary steps were taken to organize the movement. Rev. Dr. Smith denounced the recent lynching of the colored man Smith in Texas. The organization will be known as the anti-lynching league.

Democrats Oppose Confirmation.

By Associated Press to The News.

WASHINGTON, D. C. Feb. 13.—The nomination of Jackson for one of the justices of the supreme court of the United States was considered in committee today. When this nomination came up one week ago today, the democrats entered a formal protest to its consideration, and under the rules the letter went over. The republican members in the meantime decided that they would brook no further delay, inasmuch as there were no charges of any kind, and the determination was reached that the nomination should be acted upon this morning. When the committee met democratic members stated they would no longer oppose the report to the senate, but intimated they reserved the right to take such steps as they saw fit when the question of confirmation came before the senate itself. The committee will make a favorable report on the nomination at the next executive session, possibly this afternoon, and if there be any serious democratic opposition it will then have an opportunity to make itself manifest. It is understood that the republicans will vote as a unit for confirmation.

At New York at 1 p.m. cotton futures were nineteen points down. New Orleans opened sixteen down, lost three additional and at 12.30 May was 8.78r. The decline in Liverpool futures, small demand for spots and cables. The report that the operatives decided to continue the Lancashire strike and large receipts expected here tomorrow, caused the decline here today.
